

VISION :

**To Develop technically competent diploma computer engineers to deal with rapidly changing technologies contributing towards society and industries.**

MISSION :

- 1. To provide quality technical education and enhance problem solving skills**
- 2. To train students with modern technologies in the field of computer engineering to meet the need of industries and society.**
- 3. To prepare students for employability and entrepreneurship through leadership and interpersonal skills.**
- 4. To provide technical support and solutions to rural organizations.**

ABOUT DEPARTMENT :

The Department of Computer Technology established in the year 1990 offers Diploma in Computer Technology, Affiliated to Maharashtra State Board Of Technical Education, Mumbai. The department of Computer Technology at Government Polytechnic, Pen is committed to value-added quality technical education in Computer Technology. The strong pillars of our department for the Diploma program are the State of the Art Infrastructure and computing equipment supported by high speed internet connection, Competent Faculty, Skilled technical laboratory assistant and hardworking students. In addition to core academics, the students are provided with plenty of opportunities to develop and excel in curricular, co-curricular and extra-curricular areas such as skills development, higher studies, industrial training and placements. The Department aims towards all round development of the students to make them competent individuals for industry, academia and research.

HOD DESK :

Welcome to the Department of Computer Technology at the Government Polytechnic, Pen. In this era of Digital and Online world, education is always focusing on quality of education. We at the Department of Computer Technology strive continuously for improvement and enhancement of quality in every aspect and provide an outstanding working environment complemented by excellence in teaching. The Department of Computer Technology at Government Polytechnic Pen is always committed to provide excellent technical education, Not only curricular activities but also extra-curricular activities like sports, cultural and social are promoted. The efforts are consciously planned for overall development of students. This leads our students to become globally competent, innovative and dynamic. The Department has state-of-the-art infrastructure and computing equipment supported by high speed Ethernet networks. I am pleased to share that our students are consistently excelling in their placement process in highly reputed companies.

S.S.Sutar,

I/C HOD Computer Technology  
Govt. Polytechnic, Pen.
